Look out for them, boys and shun of society? Which will be the most wealthy, last of October, we shall then find the total staterespectable, honest, and trust-worthy? Which ment something like this: is in the best school of training, at this moment?

We have our own opinion on the subject, and have no doubt that it corresponds perfectly with the sober conviction of every one who will read these lines. And we have no doubt that many young men see the gulf that is most certainly with a host of associates, -so wedded to the habits and customs of a certain mode of life, that however much their better judgment may plead with them to disentangle themselves, they find it almost impossible to do so. Their chains seem by sea; 889 emigrants, as follows: to be riveted upon them, and every day makes them more secure.

It would be useless to attempt to say how much we feel for such young men. They have our most sincere commisseration; and we cannot but raise a warning voice when we see them about to make shipwreck of all the promise of youth, the hopes of friends, the expectations of distant mothers and sisters, and thus throw themselves away upon a few low-lived, base-born pleasures and enjoyments.

very hazardous grounds.

Beware of the first step! Respect yourselves, and you will be respected.

Not a contemptible 112 tons of shipping. Allowing these vessels world, compromise their position as gentlemen! over the beer or brandy bottle, but in readthing by any means, but still it is not all in to make three trips per annum, and there thing by any means, but still it is not all in to make three trips per annum, and there by any thing like labor. They must be seen at all with man. Moreover, in those cases has been 18,720,018 tons exported in these all places of fashionable resort, and always have gent society. Who expend their money in payleisure to be any where but at work. They ofing for useful expenses, and in accumulating a dition to this, there will probably be an emigraes taking place—men rushing to and fro—steam lessened on that account. There enter into In 1841, the export of coal was 1,848,294 tons. ten starve the belly to clothe the back; and are useful library, instead of puffing away their dolseen sporting a slender cane or riding whip, in- lars in smoke, or worse than throwing them here about the same time; and if we set down schemes, excitements, humbugs and disapseen sporting a siender cane or riding wind, in- lars in smoke, or worse than throwing them stead of a pegging awl or Jack plane! Shun away for brandy and other deleterious drinks.— the number which will come via. Panama and pointments—the three different murders in town Mexico at the moderate computation of 3,000 we such fellows, boys, as you would the cholera! Our question is, What will be the relative posishall have a total of Americans in California at genus. I cannot do it. Our wheel buzzes so per annum. Free on board at 10s. sterling per ton, £11,249,091, or \$71,215,455 per They live by their wits; and what they lack on years hence? Which of them will be most nuguerreotype a lightning flash, or drop a flitting meteor with a rifle, than attempt to portray California. What seas yesterday, to-day is not. and to-day is no index of to-morrow. We rest papers and letters-learn that people at home are crazed-that town and country, seabourd upland and backwoods, are nike infected; and rushing, crusade-like, to rescue the golden city-

is supposed that one-half (including women the new promised land-from the Saracen gras tossing on the deep. What an immense armais of gold hunters, armed to the teeth with bows knife and pistol, pick, shovel and pan, bed bread and bacon. Our eyes stand out in we der; we only half believe what we know. needs imagination-and not much either-to st a mighty state spring up here, full grown, his Minerva from Jove's cranium. Yet so it is tole You see the Yankee throng here, and think a bees around a honeycomb, or vultures around carenss. Who is not coming? Here's of cousin Nathan, and sister-in-law's cousin, lebt bod, and Squire Bluffum, from Bluffumtont York State, and Parson Jones from Hickory vill Business appears to be at a dead stand, Four Corners, and Doctor Panaces, from Sale

own bottom; and we will not only govern our
